# Weekly Sign-Up

## Purpose

This weekly online registration process is intended to help project and schedule the number of junior golfers participating in Wednesday practice sessions at designated practice facilities and Thursday play days at Coronado Golf Course.

It is important that all golfers comply with this procedure, as it greatly assists in securing the necessary volunteers — including cart drivers — needed to support each event day.

---

## What Has Changed

This process was introduced last year and proved successful. However, it has been updated to further assist our cart driver coordinators in organizing the appropriate number of drivers needed each week. To improve efficiency, tee-times will now be preassigned as online registrations are received.

## Weekly Sign-Up Procedures

- The weekly **sign-up will open each Thursday at 6:00 PM** for the following Thursday's play day. *(Beginning May 28, 2026)*
  - The **sign-up will close on Sunday at 6:00 PM**, 72 hours later.
  - On Wednesday, golfers who signed up online will receive their preassigned tee times when they check in for practice. ***It is important your golfer knows that he/she signed up online when checking in for practice to prevent duplications.***
  - **Reminder:** Attendance at Wednesday practice is required in order to play at Coronado on Thursday.  
\*\*
  - If a golfer signs up and later needs to cancel, please notify us as soon as possible using the contact information below. While cancellations are understandable due to illness or unforeseen circumstances, advance notice is greatly appreciated.
  - No-shows without cancellation notification are not acceptable and could lead to restrictions. Your compliance with this policy is necessary and appreciated.
  - Golfers who do not sign up online, but attend Wednesday practice, will still be eligible to receive a tee time for Thursday, subject to availability.
  - If Wednesday practice is canceled due to poor weather conditions and Thursday is playable, preassigned Thursday tee times will be posted on the HSV Junior Golf website.
  - The weekly sign-up form includes a comment section for special considerations. Players with hardships or transportation issues may submit requests there.

-

## **Exception**

Any golfer who misses Wednesday practice due to participation in another scheduled and recognized golf event or practice will remain eligible to play on Thursday if the golfer has used the Weekly Sign-Up and noted their event and location.

To validate a golfer has participation in an exception event, a signed scorecard from the event manager must be presented to Gary Sikes, President, prior to approaching the sign-in table on Thursday.
